Sir,

7-11-13

With reference to Government Proceedings No.6124-5/Md. 100-12-8 dated 14th February 1913, sanctioning tentatively till the end of June 1914, the retention of the services of the Daroga of the Chikballapur Municipal Council and calling for suitable proposals after watching the results of the octroi collection work, I have the honor to forward herewith a copy of the Municipal Council's resolution passed at their meetings held on 29th March 191.3 and to state as follows:--

2. The receipts of the said Municipality from Octroi collections during 1912-1913 was Rs.5407/- or Rs.230/- over that of the previous year, and the Municipal Council opine that the steady increase in octroi income is due entirely to the honest exertions of the present daroga Mallikarjuniah; further he was entrusted with the collection of the heavy arrears of Mohatarfa taxes, where also he has done very satisfactory work by reducing the arrears to a reasonable minimum from Rs.3,060/- in 1910-1911 to Rs.478/- at the end of 1912-3.

3. To ensure better collection under octroi revenue in such a big Municipality, it is very essential that a responsible and honest official who is fully conversant with the local circumstances of the place should be appointed to be in charge of this work and both the Municipal Council and the Sub-Division Officer, who is the Ex-officio President of the Municipality, strongly recommend the present daroga (Mallikarjunaih) as a fit man for the post.

4. I beg to request that he may be confirmed in the present appointment and designated Municipal, Manager to be in sole charge of the octroi collection and also to supervise the collection of mohatarfa taxes of the Municipality. By this arrangement, the Municipal Monegar will be made responsible for the collection work of the Municipality and the -- Sanitary Inspector on Rs.40 plus 10 a month, will have only the duty of attending to the sanitation and conservancy of the town and the Municipal Council and the Sub-Division Officer rightly opine that there is no necessity to appoint an --- Assistant Sanitary Inspector to the Town, at present, as the establishment charges under "E. 2 Conservancy & Sanitation" alone come to 25% nearly of the total income of the Municipal Council.

5. As regards octroi collection charges, I beg to submit that the establishment charges work out a percentage of 11.3 on the actual receipts of last year (1912-13) which is -- slightly in excess of the recognised maximum of 10%, which may kindly be overlooked in the case of Chikballapur Municipality, as it has the highest income under octroi in the -- District. If Government do not agree with the above view, the Municipal Council recommend that the services of one of the octroi peons, out of the existing 5 men, may be dispensed with, thus reducing the percentage to 10.2.

6. Under the above circumstances, I beg to request that you will be so good as to obtain the kind sanction of Government to the above proposals.

I have the honor to be,

S i r,

Your most obedient servant,

Deputy Commissioner &
P r e s i d e n t,
District & Municipal Board
Kolar District.

Municipality only 4 peons for octroi are enough and one peon may be removed.

5. The Municipal Council has been carefully watching the work of the daroga and is of opinion that he is very trustworthy, hardworking and a willing hand.

6. The octroi collection which stood at Rs.5464-10-11 in 1903-04, when the same daroga was in charge came down to between Rs.2000/- and Rs.3000/- in the year subsequent thereto until 1909-10 when the daroga was not in charge, and it again rose to Rs.4284-5-9 in the year 1910-11 when the daroga was put in charge of the octroi collections in addition to his duties as shroff. Since 1911-12 he (?) has been solely in charge of the octroi collections without retaining his appointment as shroff and the collection in that year was Rs.5175 and it is hoped that there will be an increase again this year.

7. As the council has full confidence in this official and as it is hoped that there will be great improvement in the octroi revenue and collection of mohatarfa, the daroga may be confirmed.

8. As per Government order read above his retention for one year tentatively till the end of June 1914 has been sanctioned.

9. It is a fact that the working charges now work over 13% of the average collection against the recognised maximum of 10% . But this rule may be relaxed in the interest of the Municipality on other directions.

10. The official has now been working under suspense his appointment being temporary and any moment he may be reverted as shroff. Under consideration of all the above points, the

council is strongly of opinion that the daroga may be retained permanently.
